Welcome to Color Me Beautiful, Women of the World. This is a no stress coloring book. Relax, it's a coloring book! I had fun making the illustrations and I want you to have fun coloring them in. I encourage you to photocopy the pictures in this book for your own personal use. If you make copies you don't have to worry about ruining the original if you make a mistake, and you can try different color combinations and mixed media. If you choose to work directly on the medium weight paper in this book, you'll find colored pencils, dry pastels, and crayons will give the best results. Wet media such as markers and watercolors will bleed through and wrinkle paper, including the paper in this book and standard printer paper. If you plan on using wet media try printing on card stock, watercolor, or artists specialty papers. There is no right or wrong way to color. I'm always thrilled when I see colorists come up with combinations and embellishments that are beyond anything I could have imagined. I tried to make each illustration in this book in such a way that it will look as good with flat colors as it will with more advanced techniques. That way no matter what your skill level you can be happy with the results.

This is my third coloring book by Jason Hamilton. I have become a real fan with his wonderful representations of cats (on quilts and with Santa in previous coloring books.) I am extremely pleased with the gorgeous designs in this new book. The artist has created a unique coloring book in that he has three levels of design levels. Each of the levels has ten designs. The first level is Simple Illustrations and includes women from: Korea, France, Polynesia, Spain, Italy, Southeast Asia, Canada, Morocco, Native American, and Western USA. The second level is Illustrations with Additional Detail and includes women from: Bride, Southern Belle, USA, UK, Japan, Pakistan, Peru, Nepal, Jamaica, and South Africa. The final level is Challenging Illustrations and includes women from India, Kamchatka, Victorian Lace, USA, Russia, Mexico, Norway, Brazil, Switzerland, and Ireland. In addition to the three levels, the artist has included seven designs which are zoomed in images of other of the designs already mentioned above. The zoomed shot gives the colorist the opportunity to add more detail and shading to their project. All of the designs stop well before the binding. The designs are printed on one side of thin white non-perforated paper that is typical for books published by CreateSpace. The binding is glued but there is plenty of room for you to cut a

page out if you choose to do so. All of the designs have a "framing" line around the outside. I really like this as it gives me a natural stopping point, saves ink/pencil, and also gives me a more finished looking project when I color. All of my markers bleed through and my gel pens either bleed through or leave a distinct shadow on the back of the page. My coloring pencils work well with the paper. I will use a piece of chipboard or heavy paper behind the page I am working on so I don't ruin the following page with leaking ink. These are the coloring medium that I use for testing. If there is something else you feel I should be testing, please let me know and I will see if I can add it to my growing pile: Markers: 1) alcohol-based Copic Sketch, Prismacolor double ended markers (brush and fine point), Sharpies (fine and ultra-fine) and 2) water-based Tombows dual end markers (brush and fine point), Stabilo 88, Staedler triplus fineliners, and Pentel markers Gel Pens: Sakura, Fiskars, Uni-ball Signo 0.38/0.28 and Tekwriter Coloring Pencils: Prismacolor Premier Soft Core, Derwent Colorsoft, Prismacolor Verithins, and Faber-Castel Polychromos

Awesome book. 30 quality images to color varying in coloring difficulty. I love every page in this book. Single sided. This artist takes great pride in what he does and it shows. And the current fantastic price makes all that much better. I had been looking for this type of book but could not find one I liked until I saw this one. It is perfect. I wanted to practice and learn to do different skin tones and this was the magic ticket. You won't be disappointed.

Color Me Beautiful, Women of the World: Adult Coloring Book I received this book today and I'm very pleased with it. I've previously purchased Cats & Quilts from the same artist and I loved it! With the big success of coloring books for grown ups the market started to be overflowed with a lot of similar books and if you like to try something new this is the book for you. Inside there are 30 amazing illustrations of young women from all over the globe. Starting with simple ones throughout more detailed ones. The graphic quality of the illustrations inside is as great as the one showed in the cover and if skin tones scares you, you can visit the artist website and check out his tutorials for both lighter and darker skin tones (you'll also find more samples of the inside pages). At the end of the book there are some bonus illustrations, zoomed faces of some of the illustrations that you'll specially enjoy if you like coloring make-up and Jewelry. All illustrations are printed one sided making it easy to color with any type of medium. Sample pages can be found here: <http://www.bluecatgallery.com/#womenoftheworld>

I am so happy with this book! The artist also has a great website where he posts some of the best skin coloring tutorials that I've seen. In my perfect world, I would love better paper, but the artist encourages you to make copies on whatever paper you prefer. The paper quality in the book is average, comparable to a Creative Haven book. I love the drawings, especially that there are different ethnicities and degrees of difficulty. Great book if you like coloring faces!
