Framing Roofs: Completely Revised And Updated

Synopsis

This essential reference for pros and passionate amateurs is back with a fresh design and updated content. Written by respected builders from all over America, this extensive revision collects all the latest roof framing articles from the pages of Fine Homebuilding magazine -- from cutting rafters and framing roof valleys to building dormers and working with roof trusses. The contributors offer hard-earned, job-tested advice on an impressive variety of tools, techniques, and trade secrets. *Framing Roofs* shows how to work with speed and precision, and, since working on a roof is often a complicated and dangerous task, safety is always at the forefront. Fine Homebuilding has been providing rock-solid information and inspiration to everyone who cares about quality home improvement and construction since 1981. With a circulation of 300,000, the magazine helps its dedicated readers build projects better, faster, and more efficiently. All the contributing authors of *Framing Roofs* are seasoned professionals who have written articles in the magazine.

Customer Reviews

A great reference. There are more comprehensive publications, but not in Kindle format.

Seems like a great book but only the wording can be controlled. The pictures are too small to read and you can not make them larger.
