God Wants You Well: What The Bible Really Says About Walking In Divine Health

Synopsis

Health is something everyone wants. Billions of dollars are spent each year trying to retain or restore health. It is a basic desire of all mankind. Anyone who likes sickness must be mentally sick! Yet, religion has told us that God is the one who wants us sick. It even tries to make us believe that sickness is a blessing. That's just not true. God wants you well. Healing is in Christ's Atonement. Jesus died for our health just as much as He died for the forgiveness of our sins. This has to be the foundation of our faith for healing. Many Scriptures relate the healing of our bodies and the forgiveness of our sins in the same verse. Jesus went about healing all who were oppressed of the devil and told us to do the same. Jesus hasn't changed, it's the people who represent Him who have changed. What about Paul's thorn in the flesh? It is commonly believed that the apostle Paul had a sickness for which he besought the Lord for healing three times, and the Lord wouldn't heal him. From that assumption, people teach that God sometimes wants us sick. In this book, Andrew reveals what Paul's thorn in the flesh was, and it wasn't sickness. If it is God's will to heal everyone, then why isn't everyone healed? It's not because of God. And it's not just because we don't have enough faith. We do have the faith to be healed. Jesus said the problem is our unbelief - unbelief cancels out faith. Instead of trying to get more faith or bigger faith, we just need a pure faith that isn't negated by unbelief. There are laws that govern the spiritual world just as there are laws that govern the physical realm. Electricity has been around since the beginning of the world, but mankind didn't benefit from electricity until recently, not because it didn't work, but because of our ignorance of the laws of electricity. Likewise, God's healing is here and available. It's only our ignorance of the laws which control the flow of God's power that keeps us from benefiting from it.

Definitely a book I think everyone should read to understand what God has already done for us and what we sometimes do, without realizing it, that hinders His working healing in our lives and in those we pray for. Clear, simply written with many easy to understand comparisons and examples.

Great book! God isn't making you sick, Jesus healed all who came to him, he never left anyone sick who asked to be healed. God does want you well. This is a great book, based on scripture and truth. If you need healing or are just confused as to why people get sick this will really help you. It's put in very clear, plain language that is easy to understand. It really helped me to get well from Asthma and Lyme disease. I highly recommend it.

I love the way the Holy Spirit has given Andrew to write it is so understandable. I have been healed with so many little illness and infections by doing these faith and believing. I believe my other things will be healed and I will be completely healthy no more meds and other issues I have been dealing with. I differently learned a lot. Thank you and God's Blessings to you and your staff

This book was recommended to me by a friend who is a cancer survivor. She said the book really helped her out. I bought it for my sister when she was diagnosed with cancer.

Only was able to read half of it. Doesn't go with what the Bible clearly teaches. Jesus died for our sins. Period. He didn't die so we could be free of all health issues. Jesus healed the man blind from

birth. Later his disciples asked him why the man was blind? Was it his sin or his parents? Jesus said neither." Jesus answered, Neither hath this man sinned, nor his parents: but that the works of God should be made manifest in him." John 3:3

This book got me in touch with the truth of Jesus and healing. I feel very confident that people reading the book and using it as a bible study guide will see that the Lord wants you well. I have been going over bible scriptures on a regular basis since I have read this book. I hope you buy this book and it serves you well!

God wants you well and if you are a born again Christian you need to know healing is for you. The curse of sickness and disease was broken in your life when you were born again. When cancer was all over my body and I was given 3-6 mo. to live, I learned these truth's. That was 21 years ago. God's healing is for everyone.

Andrew Wommack gives truly great biblical teaching on healing and why it is always God's will to heal. It's a real faith builder for those who are sick and need healing and also for those who pray for others to be healed. Highly recommend!
