Travel Hawaii 2012: Oahu, Big Island, Maui, Kauai & More - Illustrated Guide And Maps. (Mobi Travel)

Synopsis

This guide is designed for optimal navigation on eReaders, smartphones, and other mobile electronic devices. It is indexed alphabetically and by category, making it easier to access individual articles. Articles feature information about attractions, landmarks, districts, transportation, cultural venues, dining, history and much more. Addresses, telephones, hours of operation and admissions information are included. The guide is complimented by clearly marked maps that are linked to city attractions. This travel guide also features an itinerary with our suggestions for your travel route. Itineraries include links to individual attraction articles.

NEW FEATURE: The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to.

With this travel guide you can turn some eReaders into audio guides. For example, on the Kindle, just open an article and click Shift+SYM to activate text-to-speech. Put the speaker on the back of the Kindle against your ear and enjoy your virtual travel companion. Press Spacebar to pause/resume text-to-speech. All travel guides in the Mobi Travel series are only \$4.99 or less.

Search for any title: enter mobi (short for MobileReference) and a keyword; for example: mobi Paris.

Table of Contents:

- Essentials: Phrasebook | Eat & Drink | Sleep | Stay safe | Stay healthy |
- Respect

Customer Reviews

My wife and I will be travelling with friends to Hawaii later this year. Greatly informative on history and culture. Good advice on where to eat, stay and play. Unfortunately, the maps are almost useless.

Great book which I think we used to follow every recommended Island highlight. Again colour maps on my Kindle would have been great, but maybe Santa will bring me a Kindle Fire?
