Jeter Unfiltered

Synopsis

The only authorized full-color book commemorating Derek Jeter's iconic baseball career with the New York Yankees, featuring archival images and original photos of his final 2014 season from renowned photographer Christopher Anderson. Derek Jeter's twentieth and final season in Major League Baseball truly marks the end of a sports era. The New York Yankees' shortstop "a five-time World Series victor, team captain since 2003, and one of the greatest ballplayers of all time" is a beloved and inspiring role model who displays the indefinable qualities of a champion, on and off the field. *Jeter Unfiltered* is a powerful collection of never-before-published images taken over the course of Derek's final season. Fans will have unprecedented access to "The Captain," as the famously private baseball legend takes us behind the scenes "inside his home, the stadium, the gym, at his Turn 2 Foundation events, fortieth birthday party, and more" as he looks back with candor and gratitude on his baseball career. The result is an intimate portrait bursting with personality, professionalism, and pride. *Jeter Unfiltered* is Jeter as you have never seen him before: unguarded, unapologetic, unfiltered.

Customer Reviews

Derek Jeter is a fourteen-time All-Star and five-time World Series winner who has played for one team "the storied New York Yankees" for all twenty seasons of his major league career. His grace and class on and off the field have made him an icon and role model far beyond the world of baseball. Christopher Anderson is an internationally recognized photographer who is a member of

Magnum Photos and Photographer in Residence at New York magazine.

Jeter Unfiltered 2> This spring training was different, because more than ever before, I focused on trying to enjoy it. When everyone shows up for spring training, all they look forward to is the end of it. Most guys just can't wait to get out there on Opening Day and start playing. A countdown begins "thirty days left, twenty days left, and so on" it's all the guys talk about. I've done that, too, in the past, but not this time. I went in and tried to enjoy every day, without thinking about the end of it. The end would come soon enough.

DJ3K like you have never seen him before. This book offers 250+ pages of a dive into Jeter's personal life. He has some really great behind the scenes pictures. My favorite is the one of him in the Bronx when they were taping his commercial where he walks to the stadium. It is a picture of him standing in front of a garage with a painting of him. This was a real thing. In order to be genuine they decided to get out of the car one day and take pictures of Jeter walking around the Bronx. He had security and the bar knew roughly when he was coming but it was all genuine fan reactions. There is also another great pic of him and his mom looking at Nike cleats. He said he went to the Nike factory in Oregon to work on a cleat for his injured ankle. If you are a fan of the man, the Yankees, sports, or baseball please get this book. If you are a fan of someone who always does and did the right thing, you should check this book out. My 1 complaint about this book is the size. I wish it was one of those oversized books so the pictures were bigger. Derek Jeter played the game of baseball the right way and these pictures help tell his story.

I'd purchased another Derek Jeter book more than 10 years ago ("The Life You Imagine"), which my husband (a Jeter-lover/Yankees-hater, if that combo is possible!) so much enjoyed. Recognizing he's been a sports "hero" of my husband due to his lifelong character/values, and one who'd actually made it to the end of his career without doing something to tarnish his reputation, I was drawn to this book by the word "Unfiltered". My husband had always admired his restraint in the public forum, and I thought this would be a book in which Mr. Jeter might share some of his long held but little publicized views on various topics. It's not... it's basically a photo collection documenting his last year in baseball. My husband didn't feel that any of the brief passages Mr. Jeter wrote to go with the photos shed any more light on the man (nothing that hadn't already been written about, anyway), and though he'd admired him greatly, flipping through a bunch of pictures just isn't his cup of tea. In fact, he said it was a little disappointing that (especially at \$17+) this was

an "easy money" book... if the book had been published with the intention of having all proceeds go to, say, his terrific Turn 2 Foundation (focused on helping at-risk kids/teens to avoid substance addiction by rewarding academic achievement and embracing a more healthy lifestyle), it would have been great. (And again, there's that title... pretty misleading, in our opinion.) Great pics, if you're into that sort of thing; otherwise there are other Derek Jeter books that might be of more interest (and provide more than one or two night's worth of entertainment for your dollars!)

My dad is looking forward to reading it--big Yankee and Jeter fan! Showed up fast and in great condition! Definitely recommend.

. Lots of quality images, but that's mainly it.

great book excellent vendor

This is a must have for a Jeter fanand every Yankee fan.

good and interesting insights for young boys and girls

what an absolutely tremendous photo journal of Derek Jeter, quick reading but worth it, bring to a day at the beach or a short flight state to state.
