Customer Reviews

As usual, this Michelin map was completely reliable. Much more accurate than GPS, especially in the twisty-turny roads of Corsica.

It is just a good map

Very detailed map, but it is HUGE! Could not easily use it on vacation while navigating in the car.

Good detailed road map!

Sturdy paper, usual codes for Michelin, and generally spot-on as to the bends and curves, twists and turns. We look forward to using it again.

Great map

I gave the map as a gift to family. They used it last week while they were touring Corsica. It has good detail.

Need a map! GPS may be unreliable on an island like Corsica. Well worth the money when exploring...
