Best Sellers Rank: #89 in Books > Humor & Entertainment > Humor > Comedy #189

in Books > Literature & Fiction > Genre Fiction > Metaphysical & Visionary #653 in Books > Audible Audiobooks > Fiction & Literature > Action & Adventure

Customer Reviews

Tom Robbins' masterful descriptive writing and the depth of his development of the main characters commend the novel, but the story, itself, borders on fantasy. Fantasy. Science Fiction. Surrealism. Whatever label I think of doesn't quite fit, but it clearly lacks the realism of, say, a Cormac McCarthy novel. Since I prefer realism these days, the book only merits an average rating for purely reasons of personal taste. Robbins' descriptive prowess deserves a higher score, however, so if you enjoy skilled word craft, I can recommend it.

Ever since I bought this book, pretty well when it first reached Australia, it's constituted one of the mainstays of my library. That and the other Tom Robbins writings. Some books you can read many times throughout life and each time find something wonderful in them. All of Mr Robbins books are like that. They delight, sadden, make laughter happen or burst forth, turn you on (if you're open to that) and pop your cork. Just what you need in a book.

I love this book!

Tom Robbins needs no review from me!

Tom Robbins is one of the most intelligent and humorous writers working today.

Great book. One of my favorites. I keep buying it for friends with a sense of humor.

I first read this book almost 40 years ago. Robbins must have rewritten it during those years. It was a totally different read this time. I've noticed that's happened several times in the last few years with several authors I reread. I have also noticed that all of the authors wrote more clearly this time. I wonder if anyone else has noticed this phenomenon.

I never get tired of Tom Robbins. I've read everything I could get my hands on but mostly many years ago. A good young friend reminded me of his genius as she was just reading him for the first time, so I immediately downloaded this book. It is still wonderful in every way. I highlighted several sections - especially the often bizarre but oh so spot on philosophy of the "Chink".
