Show Me! Devotions For Leaders To Teach Kids

Synopsis

Here are 52 devotions your kids will love sharing with their friends! Amazing science tricks, nifty sleight-of-hand monkeyshines, and convincing illusions. Here are the "Oh, Wow!" stunts kids love -- and love sharing with their families and friends. But it's fun with a purpose: Each stunt illustrates an important Bible truth! These are devotions with a twist: You'll share them with your kids so your kids can share them with others! Just set up a quick and easy classroom demonstration, and your kids will take it from there...because some things are just too much fun to keep to yourself! "Show Me!" Devotions are simple enough for an all-thumbs 1st-grader, but slick enough to intrigue a playground of 5th-graders who'll stop for the show -- and hear about Jesus.

These are simple, 2-page, Biblically-based devotional thoughts that are written in such a way that anyone could pick up the book and teach the lesson to a family or a group, including upper elementary children. (The lessons tell you what to do and exactly what to say!) Some have more complicated tricks that require advance practice and prep; others are very simple. I am the Director of Children's Ministries at our church, and we are using this book for our AWANA boys and girls Bible club program during the large-group teaching time in Sparks (grades K-2) and T&T (grades

3-6) classes this year. In the T&T classes, we will have some of the students actually do the teaching as we go through the year. Our teaching times are limited to 20 minutes, and these are fitting into that time slot PERFECTLY. We are using the lessons on elementary aged students, but I think even slightly older students would find them interesting. Each devotional is meant to give the kids a visual way (slight of hand or cool trick) to share a truth about God and His Word with their friends or family. I highly recommend this book for family devotions, or for simple, 20 minute lessons in a group like ours!

I purchased this book to give me some fresh ideas to use in Children's Church and was not dissapointed. The main idea of the devotion is printed on the page and the index so it is very easy to find one to complement your lesson (which is what I do).The kids always stay engaged and the use of everyday materials makes this a win in my book.

Ok item but didn't realize it was used item,

I am a Children's Pastor, and found this book through my Recommendations (thanks !). It is fantastic. The object lessons are easy to do, and really grab the attention of kids. Each lesson is keyed to a scripture and a quick "devotion" but I've often found that in going over a given illusion or illustration, I will be inspired to take it in an entirely different direction, and build an entire children's sermon on it. Other times, like last week, I used three objects from this book during one lesson.The mark of a good object lesson for kids is when you're doing it, and you hear "oooooooooh!" rise up from your congregation. This book is full of "ooooooooohs!"Highly recommended. Can be adapted to small Sunday School classes, or full blown Children's Church.

Great visual illustrations that really make hard concepts for kids accessible. It doesn't dumb down the lessons, but makes them approachable to young children and simple for adults to teach without long, complicated preparations required.

Love the lessons it includes!

I teach at my church and was needing something new. Hands on is the way to go. These lessons really keep the kids involved and their interest in what I have to say.

Lots of good and fun devotions using object lessons. I'm sure I'll use some of them
