Who doesn't like cooking on a camp fire? This nook will get you outside and cooking in no time. The book starts with an introduction which sets the stage for cooking outside. There is an all important section on food prep and safety. As it says in the book you don't want tainted food ruining your outing, especially if you are far from medical help. This isn't something you need to constantly worry about if you follow the suggestion for handling your food. Next up are several hacks you can use to make your outing a bit easy and can shorten the time you need to get ready. After the introduction steps the book gets right to the recipes, and they are good. They are divided into sections for ease of selection. The recipes sections are Poultry, Beef, Pork and Lamb, Fish and Seafood, and Desserts. The recipes are easy to follow and include serving sizes. On my next family camping trip we will be trying Spit-Fire Chicken and Parmesan Burgers. We will also be trying something from the dessert section for sure. I found this book to have many campsite recipes I have not seen or tried before and I am looking forward to trying many of them. A great addition to any camping trip.

I just received the paperback version. I haven't tried any of the recipes yet, but the first thing I noticed about the book is that the pages in the table of contents are wrong. The recipes are not on the pages listed in the table of contents.

I love camping and I love cooking even more. This book is awesome for anyone who likes the art of

cooking over a campfire. The book is laid out nicely and the recipes kick butt!! I would recommend this to anyone to spice up their camping trip. Great book!

Fantastic book! This can be a pretty useful book for people who love to be out and about grilling over campfires. Lovely recipes you can easily prepare and bring along in your next camping adventure. Easy to prepare and don't require pots and pans, that means less load to carry on your trip. Recipes includes Chicken recipes, Beef recipes, Skewers, Burgers, Meatballs, Pork recipes, Fish and Seafoods and delicious desert recipes.

Good variety of recipes. Simple but good. Recommend for anyone who camps. Also, instructions on packing food safely for camping.

Does this woman live in a tent? I don't know how she comes up with so many great camping recipes. This is the third camping cookbook I've bought and she continues to provide wonderful dishes I never would have considered. I especially liked the seafood recipes in this one.

Well, if you love camping and camping recipes and smoke from campfire cooking, then check this out.

Clear concise and easy to read. Step by step instructions for each recipe. Excellent!
