Customer Reviews

D. Jakobs is a children's book author living on the lower east side of Manhattan with a spouse, a child, and a cat. The cat is by far the least friendly member of the household, but is reliably soft. D. Jakobs is a fan of spicy pickles.

I bought this for my grandson and he loves it. He reads it over and over again. Very hard to find except on . This is a honest review in which I actually buy the products.

great

My son is a Rescue Bots fanatic and is just picking up on some sight words so I bought him this series. While some of the words are still beyond him, he loves the story line (which are also episodes from the show) and I think he'll be excited when he can read them alone.

My daughter owns almost all of the Rescue Bots books and this one is by far her favorite. (Mostly because she loves helicopters.) This book is only about Blades and Dani, and them learning to get

along and work as a team. My daughter loves it, and therefore so do I.

My 4 year old loves this line of RB books! We read them A LOT! It's short stories, with a "find the object" page in the beginning of the books. So it gives the reader something to look out for.

I bought this book and the other Rescue Bots ones for my grandson who's turning three. He loves the show and the books!

Great for entertaining my 4 year old while he's learning how to read, these books are perfect for him! Great value too!

My son is OBSESSED with Rescue Bots. He LOVES these books. We can't wait for the Optimus book in January 2015, and hopefully they make one for Bumblebee too!
