New PSAT 10/11/NMSQT Strategy/Practice Guide

Synopsis

C2 Education and Test Prep Genius are proud to present the best strategy and practice guide for the New PSAT 10/11/NMSQT. Find over 300+ practice problems, 1 full-length PSAT exam, and effective lessons for students to maximize their progress on the new PSAT. Stay prepared for the New PSAT coming in October 2015 by using this guide. C2 Education is the US's fastest growing and leading provider for in-center, personalized tutoring. With over 15000 students and 170 centers nationwide, C2 Education provides SAT/ACT preparation, subject tutoring, and college admissions counseling. The C2 system provides customized curricula, personalized attention, and a variety of enrichment services for elementary, middle, and high school students. C2 students enjoy great results such as an average SAT score increase of 350 points and 85% of students accepted to top 50 colleges. 100% of C2 students pass state assessments and improve their grades by a full letter within one year.

Customer Reviews

my son like it.

A great workbook for the New PSAT. It covers the concepts in from the College Board test well and there's a lot of practice problems to use. This is C2's first publication online and it is good to see them release jointly with another group, especially a group that released a strong New SAT guide. I like the lesson content inside. The problems fit well in the scope of the test and the challenge problems and harder problems are great to push the bar with some students. I hope they release

practice test-only books soon because the quality is great and content is much better than what I have so far.

This a wonderfully made book in conjunction with Test Prep Genius. We were very familiar with Test Prep Genius' New SAT materials, and were thrilled when they agreed to partner with C2 on this New PSAT book. The lessons are excellent. There are a plethora of practice problems (over 300), and one full length practice tests. The book is used at C2 Education centers for their own PSAT programs, and C2 is proven to get amazing results. Highly recommend the book. As a bonus, anyone who comes in with the book purchased gets a free additional practice test at a C2 center.

I haven't started on it yet, but the overview is good.

Good to have!!

All the reviews are from the company. Read them closely and those of you with intelligence will understand that this is not a 5-star PSAT guide at all. Actually, far from it. Do your research and find another book to purchase.

I took both the SAT and ACT early and wasn't satisfied with other resources. I found this book just after it was released and since it is my junior year this year, I'm glad to have purchased this book. The lesson are written in the style I like and it has so many practice problems, I feel fulfilled. The material is easy to read and understand so you're spending more time on practicing than reading. I'm also looking forward to their AP books coming soon since I have a bunch of AP tests coming next spring.

Wonderful resource for those looking for a sizable volume of practice problems that aren't copied and pasted from the existing material from CB. Lessons are short and easy to understand, not difficult to tackle except the challenge problems (nice touch in the book btw).
