Customer Reviews

The Kindle edition is a waste of money. Completely unusable. I bought it because I was in a pinch and needed the music quickly, but the page is so small on my iPad that it only takes up about half of the screen. It's useless to try and prop up on my piano to accompany anyone because it is too small to read. Buy the paper book. Paper is still better.

Appears to be re-copied. The print is faded and difficult to read. Not at all like the other Suzuki books that I have purchased.
