Customer Reviews

Love the large size and details. What more does one want in a wall map? Well I can not think of anything else to say...

Thank you.

Great map of the philippines! Great size and detail.

This is a great map! Filipino students with whom I work are having a great time showing their homes and where they have traveled in the Philippines.

I have been looking for a good map of the Philippines for a while and this was just perfect. Big enough to show the detail (larger than a page in a book) but not so large you get lost in the folds of

the map.

Unexpectedly a really nice big map. But it arrived way too late for the purpose that I bought it for!!

Very good map

I purchased this to hang in my office here in the U.S. and the map itself is really good, standard for any Philippine map
