Unit 1: Studying the Earth. Unit 2: Composition of the Earth. Unit 3: History of the Earth. Unit 4: The Dynamic Earth. Unit 5: Reshaping the Crust. Unit 6: Oceans. Unit 7: Atmospheric Forces. Unit 8: Space. 954 pages

This book has some decent lessons in it. My children love these and are willing to do the lessons every day. So far the book keeps them engaged, and interested. The workbook goes very well with the textbook, and is easy to follow along in. REALLY glad I got this one.

Great

good price on a book for my son. School wanted to charge us \$200 for a ratty old copy - what a racket

This was an excellent book. It was basically a new, untouched book and has been a great aid for my tutoring. It arrived very quickly! Thanks!

Item exactly as described. 5 stars seller.

Good text book

We are very please with the service and the book, which was in excellent condition.

book was just ordered and will not be reviewed until it is received.
