The American Heritage Dictionary, Fifth Edition: Office Edition

Synopsis

Based on the authoritative American Heritage® Dictionary of the English Language, Fifth Edition, the Office Edition has been completely updated; every single entry has been reviewed and revised as necessary. Its thousands of new words and senses, such as antiquark, earbud, and the verb sense of friend, reflect recent developments in the sciences, technology, and popular culture. Hundreds of photographs and drawings enhance the text, and several tables such as the periodic table of the elements and a table of units of measurement provide helpful data in a useful visual format. Forming the heart of the dictionary, however, are its more than 70,000 entry words, whose clear, straightforward definitions--supplemented by pronunciations, inflections of irregular verbs and plural nouns, and selected etymologies--make the Office Edition of the American Heritage® Dictionary of the English Language, Fifth Edition, an essential reference for the office, school, or home.

The print is extremely small. I couldn't read it, but our 10 year old could so it's fine for youngsters.

Wish I had this a few years back. Great for translators.

Minor scratch on cover. Great price and quality!
