When Night Falls: For MYFAROG

Synopsis

Myth module M1, "When Night Falls", is the first official Myth (adventure) for MYFAROG. It takes the Adventurer Party to Bearhillside to find out what has happened to a missing family. Included in this Myth; a castle, ancient towers, forgotten caves and an abandoned mine.... Beware of ettins and trolls! M1 When Night Falls is made for MYFAROG 2.6!

Customer Reviews

What I like most is the size of the book. It matches the size of the other supplements and its construction is well made, as are all of the MYFAROG books. The adventure itself has some lore based flavor, most notably the payment for the adventurers is made in random sized pieces of amber. It is these kinds of details that make MYFAROG and its setting of Thule so interesting. The challenges of the adventure itself are primarily environment based. There is plenty of climbing, searching, saving checks for hazards, and perception, lore and other checks of intellect. There is combat or the potential for combat, but only in a few instances, unless random encounters generate them. The story behind the adventure is a bit mundane, and it is the weakest part of the product. There is no grandeur in it, no sinister plot or real mystery to be solved here. A pretty generic story, one seen dozens of times before. I wish we could give half stars, and I would have given it 3.5, but I gave it a 4 due to the fact that it is low cost and as a first official module for the role playing game, it is not a bad start.

A great book for new Myth Masters to get a feel for how a myth should go. It contains just about

every game mechanic and has some handy dungeon maps. This book is better suited for a larger or not-level-one party, although of course difficulty can be edited at the myth master's discretion. Only real downside preventing this from being a 5 star review is the lack of lore, it has a rather mundane plot that does not relate any deeper meaning. As usual with Varg's books it is physically high quality and printed locally! Varg if you're reading this keep up the good work! I would love to see more myths made by you.
