We have a neighborhood bible study that meets every two weeks and we are all at varying levels of biblical understanding and knowledge. This study allows beginners as well as those much more knowledgeable to enjoy and be challenged by this book of the bible. It encourages every level to work out the meaning of the text and also to reach deeper for insights and understanding. Having said that, I must say that even the beginners are encouraged by the straightforward way the questions are posed and therefore no one is left feeling "lost in translation". I will look to other of this author's study guides when we finish this one.

I like the question and answer format and the book length. But some of the questions are pretty basic, more like you'd see in a Sunday School worksheet. I wish it would go more in depth to the Scriptures and then have more life application style questions appropriate for group discussion. It's a good format for a study to do with a group (which we did.) But I wanted to learn more than I felt like I did. I wanted deeper.

Interesting, but challenging as a bible study....didn't flow well

It is intended for group Bible study, but it can be helpful for individual study or as a help for a Bible study leader. It includes only brief, but helpful exposition. Very good discussion questions are its main value. JM

I struggled with some of the questions which frustrate me. To someone else tho that might be a challenge that's helpful.

I am happy with this purchase on every account. N. T. Wright is an excellent scholar and writer. The book arrived on time and in perfect condition.

Simple, but good guide.

Purchased 8 books for my bible study. Tom Wright is excellent.
