Customer Reviews

Funny book, kids laughed and enjoyed the book. They also pointed out to me that there is some language you wouldn't expect for a 42 page easy reader like this. The phrase 'plssed off' is in the book and they could have easily used another phrase. Since it's a short easy reader, be advised if this is for a younger child, you may not want them reading books with words not allowed on network TV. Just a heads up. I may be old fashioned on this issue. :)

My kid loves these books. Cracks him up! He's 9 years old and is an avid player of Minecraft and a bookworm.

Cute little book if your child likes Minecraft and Diary of a Whimpy Kid. The book is really little so I think it is a little overpriced.

Seriously...What is funnier than a farting creeper? Our 8 Y/O loves it. All the kids are walking around the house making hissing noises and fart noises. As a father, it's a Win-Win. Seriously...Farting noises are funny. I don't care how old you are.

Bought two of these books for my nephew and niece. They were sooo excited to get this gift. They started reading right away. Apparently it was a hit.

I have to give this book 5 stars because my 10 year old who hates reading, read the entire thing in a couple of days. He laughed, he talks about it, he loves it. It is his favorite book and he is eagerly anticipating Book 2. He's not great at reading but he didn't have any trouble understanding the wording. It's completely kid-friendly. Unless you take offense to the word "farting" but we don't so it worked out great for us. If your kid loves Minecraft and has that interesting sense of humor like my son does, this book is worth a read.

My 6 year old finished this in about an hour. He loved it. Lots of giggles! Asking for a second one!

Funny little book! My daughter liked it as a stocking stuffer. Worth the \$3.00 I paid for it!
