Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Tons of great songs in here. Nice beginner format. Does not generally include solos, but this book will get you playing some of the most popular rocks songs for beginner guitar players. I am at an Intermediate skill level, just starting to learn modes and all 5 positions of the Major and Minor

Pentatonic scales. I have been playing for just under 2 years. Most of these songs I can learn on my lunch break at work and play along with the original track on the same day. Most of my studies have been around technique and not learning songs, so this book has allowed me to get up to speed on well known songs, quickly. I wish I had found this book when I first started. You can get playing real songs, very quickly, as long as you can read tablature. I absolutely recommend this book to anyone who wants to learn a bunch of songs quickly or is not already "playing by ear".

Opened my eyes to the rest of the fret board. I'm teaching myself to play and this book provides lots of lessons (and ways to cheat on those 2 & 3 string chords) to learn and form chords all over the fret board. It is really helping me from go from acoustic to electric.

I graduated in 1974 and these are Great Songs for any one who likes songs from the 70's,60's well most any music

For a beginner, which the title implies, this is NOT a tab book. If you didn't have professional musical training, you won't be able to read it.

Good book of tabs. They range from super simple to some intermediate stuff. Lots of fun for practice!

I purchased this book for my 16-year-old son who is a beginning guitarist. He is enjoying it. Easy to read, with lots of fun songs. Great book!

He liked it and is trying to learn them all

Thank You
