## Synopsis

Kaliningrad, Estonia, Latvia & Lithuania 1:600,000 Travel Map, waterproof, GPS-compatible REISE

This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. Coverage expands from eastern Poland (Malbork, Elk, Olsztyn) to St.Petersburg in Russia and includes the whole of the Kaliningrad region (Kaliningradskaya Oblast) of Russia. Old German names are shown for main towns in these areas, as well as for some of the locations within Lithuania and Latvia. Road and rail networks are easy to see on a clear base which presents topography by altitude colouring with contours, spot heights, mountain passes and names of mountain ranges, and marshes. Road network includes local roads and tracks and gives driving distances on main and secondary roads. Ferry connections are also marked. Internal administrative boundaries are shown with names of the provinces. National parks and protected areas are marked and symbols highlight various places of interest, including campsites, UNESCO world heritage sites, archaeological remains, castles and churches, museums, viewpoints, beaches, etc. The map has a grid with latitude and longitude at intervals of 30' and an extensive index of localities which lists national parks separately. Multilingual legend includes English, high quality German cartography.
