All our relations blurbs "A brilliant, gripping narrative ... I urge that everyone read [All Our Relations] ... which describes the ravages of corporations and government activity on the reservations for our first natives. This is a beautifully written book.... As Winona LaDuke describes, in moving and often beautiful prose, [these] misdeeds are not distant history but are ongoing degradation of the cherished land of Native Americans." *Ralph Nader* As Winona LaDuke's All Our Relations shows, a vital Native American environmentalism is linking indigenous people throughout North America and Hawaii in the fight to protect and restore their health, culture, and the ecosystems on their lands. LaDuke herself is a member of the Anishinaabeg nation and was Ralph Nader's Green Party running mate in 1996. These Native American activists take inspiration from their forebears'

responsible treatment of natural systems, based on reverence for the interconnectedness of all life forms.">The NationIn this thoroughly researched and convincingly written analysis of Native American culture . . . LaDuke demonstrates the manner in which native people face a constant barrage of attacks that threaten their very existence.">Choice"[LaDuke] presents strong voices of old, old cultures bravely trying to make sense of an Earth in chaos.">Whole Earth'With a good ear and sharp eye, LaDuke introduces us to Native activists and records gross environmental abuse and creative resistance. Winona LaDuke: Winona LaDuke was named by Time in 1994 as one of America's 50 most promising leaders under 40. In 1997, with the Indigo Girls, she was named a Ms. Woman of the Year. In 1996 and 2000, LaDuke served as Ralph Nader's vice presidential running mate in the Green Party.

All of Winona LaDuke's writings should be required reading for anyone interested in issues affecting American Indians today and their historical context. Though it should be noted that the historical context may not be the 18th, 19th or 20th centuries but what happened just the other day, e.g. DAPL, Dakota Access Pipeline

Excellent book about native peoples' work for justice around the US, and the racist opposition they encounter: from corporate owners, managers, and executives, and the politicians who represent them. LaDuke is an exceptional writer and accomplished activist.
