## Customer Reviews

My land surveying career began several decades ago while attending Albuquerque Technical Vocational Institute in New Mexico and has traversed many states such as Alaska, Arizona, Utah and Wyoming. I am a Professional Land Surveyor in Arizona, Utah and Wyoming. I am an appointed United States Mineral Surveyor and a Bureau of Land Management (BLM) Certified Federal Surveyor. I have many years of computer programming experience related to surveying. This book is dedicated to the many individuals that have helped shape my career. Especially my wife Cindy. She has been my biggest supporter. She has been my instrument person, accountant, advisor and my best friend. Without her, I would not be the professional I am today. Cindy, thank you very much.

This book is a great review for seasoned surveyors who become dependent on programs to do the math for them. Always fun to double check.

Great book.....bought the whole set!

Well done - try to teach my son surveying and this is an excellent guide.

this book is great for learning how to calculate them. can be used in the field and easily carried in back pack.

great book
