Customer Reviews

Pretty mediocre version of Wall-E. I know they need to simplify these movies down to a few pages, but this is pretty weak.

The character of Wall-E is well drawn and the story is a nice story, but I do believe the overall plot has a bit of a gap in the middle that requires having seen the movie to understand what is going on.

My kid is obsessed with Wall-E and aside from watching the movie 3 times a day, we now have a Wall-E book for bedtime! There is also a great Wall-E plush toy if you check my reviews.

I purchased this book for a baby shower where it was requested that we bring a book instead of a card. I was estatic to see that this book would have cost about the same as a greeting card. Besides

being economical, the story and artwork is really cute. Who doesn't love Wall-E? I love that Little Golden Book has updated their library with more recent titles. I grew up with the classics and still love them, but am thrilled about the contemporary additions as well.

Cute little book. My daughter is obsessed with Wall-E and she carries it everywhere.

great to add collection to my 4 yr old daughter's reading material

Really cute and follows the whole story in an easy-to-follow condensed version, perfect for toddlers.

Present for a grandkiddo, loves it, thanks!!!
