Since its got a dust jacket, it would be hard to even walk into a brick and mortar store and find one in this like new condition. Inside is just as new. Dustjacket has a bit of shelf-wear, but its better than I expected. Sometimes like new, isn't but in this case it surely was. Can't find this in paperback, so had to go hardback. I wish they'd put this out in a two volume 600 page each set. I can spend hours just pouring through these volumes. You miss stuff and see new stuff everytime. I just like to sometimes grab a volume, open it up and start to read. Great stuff!

This is a greaT concluding book to the 14 volume collection

Great product, completes the set

The artwork and the write ups on each character are excellent. My only complaint is that there is no explanation on what the character's attributes mean.

Received it
