Customer Reviews

This book is for collectors of Judaica art.

Wonderful book for the collector of Judaica. Comprehensive with a great deal of information on identification as well as spotting reproductions. I do wish it would have had a section of items for netilat yadayim. I found the writing concise, the illustrations (photos) excellent and the references thorough.

Not full of useful pictures. It was disappointing. I wanted a more thorough survey of candlesticks, still looking for a better book.
