Customer Reviews

LOVE LAS VEGAS

This book is not worth the money. The book does not cover downtown and is only broken down by hotel names. No break down of categories such as restaurants, buffets or other items of interest. There are much better travel books available! This book was very disappointing.

I'm going to Vegas for the first time very soon, and I admit, I had high expectations of this book. Maybe too high, because the book fell well short of what I was expecting. First off, it was published in 2000, when the world as a whole was a very different place, not to mention all the changes to Las Vegas since then. Next, yes, it does give very in-depth descriptions of the hotels it covers (which is really only those on the Strip), and the dining options in them. But if you're a Vegas virgin trying to decide where in Vegas to stay based on this book, you'll have a tough time, since all the hotels are comfortable, luxurious, and tastefully decorated, and all the dining is top-rated and cutting edge. As for attractions, those attached to the Strip hotels are given a decent enough description, but the free-standing places are pretty much given just a quick once over. If you're web-savvy at all, there's no information here that you couldn't get yourself -- and what you'd find online would probably be much more current. If you just HAVE to have a Vegas guidebook, go with "The Unofficial Guide to Vegas." That book is everything I was hoping this one would be.

This book has it all and more.... broken down by each hotel and includes the attractions/food/shops/gaming/shows available at each location, along with information on the hotel's rooms and rates. Doesn't skimp on knowledge, for example, there's 16 pages on the MGM Grand Hotel alone!! It's somewhat larger than most guide books, so don't think you'll be carrying it down the Strip with you but it's great for gaining an insight to what is available for the tourist at each hotel. The only drawback is that there aren't any color pictures or maps. Other than that, it's perfect!!

This book helped me plan a wonderful trip to Las Vegas. I didn't hit it big at the casinos (oh well), but I had a great time! This book was very informative.
