Customer Reviews

This covers early songs, and all the songs of the height of his career! I wish they would have included: "We are the World", as Michael wrote and produced that, and where would one find that now?? Michael, brought so many people from all walks of life together and was a great talent, and contributing to the love and peace movement, as well as the changes in time that were occurring as well! Miss you very much Michael!!

it has been a while since I have bought this CD and it is okay the best of his music I already have so.....

What can you say about Michael Jackson that hasn't been said already? Just the best collection of his best work.

Well seems to be Great , but will know more when I receive the Completed Package

Either you love him or you don't, if you didn't know before you purchased this album then you're not going to get anything out of reading my review :P

Great compilation.I miss a little book with lyrics like time ago.

outstanding album all the hits i love 100 percent

I loved this album, it the best collection of my favorite Michael Jackson songs from his entire career. I really like the album art work, it was not over the top. I like remembering all the great music MJ produced not all the media trash that was so much about him toward the end of his life and after.
