Customer Reviews

Ann is a writer of both adult and children's books, including *The Little Piano Girl: The Story of Mary Lou Williams, Jazz Legend*.

We love the illustrations in this one - my kids like to count things in the pictures, name colors, and find little details, but there is not much more going for it. There is no story in here. Also, the text has a weird rhythm, especially when you compare it with something like *Llama Llama Red Pajama*, that I can recite almost whole after not reading it for a year...Not our favorite.

My six year-old Granddaughter really likes this book because she can read it all by herself!!

Cute little story for pre schoolers. My son enjoyed this book and it will be a good first book for him

when he can start reading on his own.

This is one of my five-year old's favorite books. It's a true level 1 reader. Perfect for those just learning to read. Ice Cream Soup you say? This is such a cute book to read. What starts out as ice cream quickly becomes a giant mess. The illustrations just add to this book.

Cute story! Great summer reading book for child entering first grade.

Bought this for my 4 year old Pre K granddaughter. Easy to read. She's had me read it to her so many times that she has started to recognize most of the words. She loves this book.

My gradaughter loves these books and they are helping so much in her reading skills.

excellent read for beginning readers
