Customer Reviews

We bought 3 books for our recent trip to southern Spain; this was the only one of the 3 that we left at home. We generally love the Michelin green guides, but this one felt too light on detail -- likely because it's part of their shorter "Must Sees" series. This would likely be a better fit for someone at the trip-planning stage that on the actual trip itself.

We used it in our recent trip to Seville Cordoba and Granada, was very helpful.
