## **Synopsis**

Jessica Pierce is a single mother of two children. Teenage Ben, aka The Hoover, has the sensitive old soul of Robert Frost, and Matilde, a twelve-year-old, is the personification of Jack Sparrow. Jessica desperately needs the job she finds in the college newspaper, even if it is just for the summer. She knows she stands on the verge of starting over, keeping her family safe and happy. Dr. Marion Clifford desperately needs someone with organizational skills for her current project with her former employer, the FBI. She's on a deadline, which is fine. It keeps her from thinking of the past and the emptiness of her life as it is. Two desperate women find each other, and with the help of one loving teenager and his mischievous sister, Jessica and Cliff find out life might not be as desperate as it appears.

## **Customer Reviews**

This was an adorable story with such a cute cast of characters. The storyline was well done. Cliff

was such a cute character with such endearing absentmindedness. Jessica was a very warm loving character devoted to her children. Her children Ben (a very sweet loving boy who wanted to do right by his mother and the world). Her daughter Mattie (a precocious potentially future leader of the world or, god help us, the creator of world dominance). They love their mother very much and will do anything to make her happy. Her father in law is a very decent man who did more for Jessica than his own son ever did for his own children. This was a story about love and family. I enjoyed it. Very humorous and sweet.

This story is about people you want to know and have as friends. Very well written and thoroughly entertaining. I love the touch of humor in Ms Sweeney's novels.

I picked this up the other night and I could stop reading, made me laugh and cry. Excellent characters along with a great story.

A soft romance with no traumatic drama. Just a story of falling in love and family.

The humor the family everything you love in a story

Another wonderful, romantic, and playful story. I really enjoy Kate Sweeney's humorous writing and you will, too. I can't wait for her next book.!

I love all Kate Sweeney's books. Perfect symmetry of love and laughter. I am looking forward to the unnamed sequel.

Kate Sweeney's books show her love for old romantic comedies. In a world that's gone mad, it feels good to lose oneself in a story like *Lilac Time*. It's a sweet ride and you don't want the story to end because the characters are so much fun. I especially love Mattie an old soul in a kid's body. So if you want to escape today's lunacy for a short time, then read this book.
