Customer Reviews

Knowledge about our chakras can give us information on where we're out of balance and where we need to focus more attention to improve our health and lives. In The Chakra

Secret: What Your Body is Telling You, Michelle Hastie helps you understand the chakras in very easy-to-understand terms so you can use them to understand why you may be experiencing physical problems. Throughout her min-e-book, Michelle Hastie teaches how each energy center shares wisdom that correlates with your mental and emotional states and how that wisdom manifests in the physical body. And she explains how to tune into the chakras to find paths back to living naturally, freely and peacefully. Michelle recommends small daily changes that can lead to dramatic results. As she moves through the seven major chakras, she discusses the physical, emotional, mental and spiritual components of each, guiding the reader to understand how to get back into alignment. Talking about diet and weight, Michelle zeros in on the body's wisdom, e.g., she says weight gain isn't happening to you, but for you. She explains how weight issues can be associated with different chakras and recommends shifting your focus off of weight loss or changing your body, and instead looking at the ways you can increase self-care and self-esteem (associated with the Sacral Chakra) by choosing healthy foods and connecting to your unique abilities. The Chakra Secret provides exercises and yoga poses, affirmations, meditations and a chakra recipe from Chef Maria Schoneder for each chakra. Plus, Michelle shares her own life lessons, such as "You control nothing so stop trying." This is especially important in balancing the Crown Chakra, surrendering to faith and trust and starting a spiritual practice. The Chakra Secret provides wonderful insight on how we can take responsibility for our lives, living in choice instead of in reaction. And how we can live in balance and flow, trusting that all will be well. Namaste! Becca Chopra, author of The Chakra Diaries, Chakra Secrets, Balance Your Chakras-Balance Your Life, and The Chakra Energy Diet
