English: Speak English Like A Native In 5 Lessons For Busy People, Lesson 1: Focus (Speak Like A Native In 5 Lessons)

Synopsis

You have studied English, yet you don't speak English well. You've tried to learn English in classrooms, yet you've forgotten it. The good news is, this is very normal. You've simply used ineffective methods to learn English. Ken has walked in your shoes before, but now he can speak English like a native, and he accomplished that in six months. In this book, he's going to teach you how to do that. This is an actual lesson for you to get started. Follow his step-by-step instructions, and you'll begin to speak English like a native. Ken is an English teacher, a school principal, a translator with the United States Department of Defense, the creator of My Fluent English Formula, which he has used to speak English and two other languages like a native speaker, and the author of Talk English: The Secret To Speak English Like A Native In 6 Months For Busy People. Most importantly, Ken has been in your situation before struggling to speak English, but now he can speak English like a native. In this book, he's going to show you how to do that. Customer Reviews

The book is helpful! If you have troubles with pronunciation, then this is THE BOOK to go to! The author came to the U.S in his 20's, It is not easy to master and get fluent in English at that age like a native American! But, he is. And, what he write in the book is his English learning experience as a foreigner, so his lessons are practical and valuable. It's really a BIG help for those who are self-studying English as a second language. Highly recommend this book!

English has been a medium of communication worldwide. There are a lot of reasons why we should learn English and sounds like a native speaker. One of that is the competitive advantage over others in finding job. Ken Xiao's approach is indeed effective. I recommend this book to those who want to sound naturally and fluently in English.

Excellent .

I've bought the digital version and I don't know how to download the video and mp3 audio. Maybe someone could help me.

Wrong cover title, it's not English book.

Terrible, excellent intrutions

This book is perfect for learning pronunciation of words in English. It is very useful for those who are learning English, and who wish to have a proper pronunciation. By reading this book you will improve your pronunciation. I am very pleased that I came across this book. I had a problem with my English, because for many years I am not talking clean English, and I forgot how It sounds. A very useful book!

I have got an idea when I read this book to how I can improve my speaking skill over repeating what I hear from native speaker over and over. I recommend this book to people who has problem on their accents and fluency.
