this is a very extensive map book, similar in style to the Thomas Guides if you have heard of them. each page is a very big blow up of a small section of town, so you can see every street very clearly. my only small quibbles with this map book is that it was printed 2 yrs ago (January 2008), so it is missing quite a few streets in the newer housing developments and shopping areas. it also prints the highway exit numbers in teensy tiny black boxes, making them hard to find - and I consider hwy exit numbers very important info for getting around in a new city!
