## Customer Reviews

Very helpful book about Feng Shui! I never even having heard of Feng Shui, i had the great fortune to fall upon Veronica's book while shopping for cookbooks. ironically, hers is one of the best cookbooks I've ever bought! as other readers have mentioned, this is an amusing but compelling page-turner packed with positive messages and clear direction. she makes you feel creative. I feel invigorated and it hardly matters whether it's really the "magic" of Feng Shui or not. The results are the same. I particularly appreciate the web site as noted on the back cover of the book.

Even though feng shui principles are complex, it is easy to define a feng shui beginners plan for your house. One of the fundamental principles of Feng Shui is Yin and Yang. It is a representation of balance and continual change. This book is where i got all my feng shui basics. I've learned that Feng Shui is a system for arranging your surroundings in harmony and balance with the natural world around you. It enhances your environment according to principles of harmony and energy flow. Learn about feng shui, plus find tips for making every room in your house feel calm and happy.

It discovers the world of Feng-Shui by which I can increase my mindfulness, develop a new stability in my life, and develop fresh perspective also. It helps me to get started with Feng-Shui using the resources around me. An excellent informative description on using and keeping balanced of five elements of Feng-Shui - metal, wood, fire, earth, water has been given here to help me with getting attracted new prosperity and success. I got everything needed to know about Feng-Shui as it explains the principals of Feng-Shui along with stability, positivity and beauty. I strongly recommend this book.

If you are new to Feng Shui, I would recommend this book as a guide before pursuing to a more advance approach to Feng Shui. Basically, the author explains the general principle and theory of Feng Shui and how the dynamics of Yin & Yang influence the overall Feng Shui. The author also reveals useful tips on how to apply Feng Shui at your home, garden, office, bedroom, kitchen and other areas to improve good chi or energy in your daily life. Give it a go, it is a book that has almost

everything you need to know about Feng Shui.

I am very thankful and glad that I purchased this book. It really went above and beyond, and while not every chapter was directly applicable to my life, i.e. the one on senior citizen's rooms, I read it anyway and still drew a ton of useful knowledge. My advice to you is to get this book, read, and as you read chapter by chapter implement. You will feel the difference every day as you enter your home. This book is also inspirational in other ways but I will leave it to you to find as you read through its pages.

This is my first time reading about Feng Shui and I am glad I did. The book has made me understand a lot about energy and energy flow and how the 5 elements (Metal, Wood, Fire, Earth, Water) can be harmonized and used in making our life a beautiful place. Rightly said, this book is all you need to have in order to learn all about Feng Shui.

The principles of Feng Shui are extremely ancient and it is a conventional art of living. The author tried to guide here all the information about Feng Shui and the benefit of it. The concept of Feng Shui came from China. By practicing the Feng Shui, we can achieve a greater sense of stability and positivity. It is a art of living and it eliminates negativity. 5 elements of Feng Shui are described here in details. Some luck and season symbols details and meanings, and tips of using Feng Shui are narrated here so wonderfully. The author mentioned that we should follow all the Feng Shui elements strictly.

The ancient practice of Feng Shui... You wouldn't think that it would have any significant impact on your life but trust me - it does. I've always felt that there's something wrong with my room. I didn't know what it was until I started researching about this topic. Then I stumbled upon this book and I must say that it's probably the best one out there. This book teaches the art of Feng Shui - everything we need to know about. Starting from all of the 5 elements and ending with exact furniture placement in your office, bedroom, kitchen etc. A foundational practice for a happier life.
