In the fifty years since his death, Vaughan Williams has come to be regarded as one of the finest British composers of the 20th century. He has a particularly wide-ranging catalogue of works, including choral works, symphonies, concerti, and opera. His searching and visionary imagination, combined with a flexibility in writing for all levels of music-making, has meant that his music is as popular today as it ever has been.

This is the standard. If you don't have at least one copy of this in your library, don't call yourself an organist, church musician, or musicologist. Really, it is indispensable. Voice teachers, you should use the lesser known tunes as sight singing exercises for your students. Composers, these texts have inspired countless Christmas pageants and have yet to exhaust their full potential.

The book was a smaller sized edition than I expected, but serves well. The product description was spot on, and shipment was as expected.

Delighted to find this after being told by a friend it was a bit rare. It is not rare. She was misinformed.

Excellent

A classic that makes the perfect gift!

quick delivery, good value, book in expected or better condition

Better than the shorter NOBC, more old stuff, much more affordable than the comprehensive OBC. Really a great value, contains carols for use throughout the year not just xmas.

This book was in existence when R V W was still alive!
