Customer Reviews

I usually don't write reviews. The product has to be very good or really bad. This book is really good. I know people will argue that anyone practicing hoodoo is going to straight to hell, and lucky me, I'm related to all of them. I've been given gifts, but have struggled for years if I should learn the art of hoodoo. This book helped ease my mind because God does give people gifts and those gifts should

not be ignored. A few years ago I started trying to learn this art and develop my gifts, but it wasn't until I read this book that I clearly understand my gifts and feel comfortable developing them. The book is easy to read and understand, but most importantly, it's interesting. The book is a must read for anybody studying hoodoo and wants to remain true to the word of God or stay grounded in his/her Christian beliefs. I really enjoyed how Darrin Owens explains the Holy Ghost, and the relationship we are entitled to and should have with this spirit. There's a few typo's; however, the content is not lost.

This is a great and informative book, very inspiring!

A few typos. But enough of the small grammar quirks... I absolutely love this wealth of information regarding what has been in my heart hiding for years! So many truths to read in print, gives me hope that these small little truths not be lost and the continuation of what really is out there shall live! Thank you and blessings to the author for having the courage to speak out about the subject matter. So glad you paid heed to the knowledge around you!

Designed the Cover for this as my Cousin Broadens his love for, and educating the masses outside the box on what you might think you know.

I love how the author's ancestral roots are laden with hoodoo history. Wonderful insight for folks without much experience in hoodoo. Great information on the dos and don'ts. Extremely helpful read. Good Job Hoodoo Man!!

What a wealth of information for anyone, in the Christian Folk Magic and Hoodoo world. The title says it all, learn how to make that wonder working power your own. Darrin's book held my interest from the moment I started reading. Wow !!! Whether you're a novice or an experienced practitioner, this is the book you MUST read!!!!

I loved this book. So much good information and in depth. Best book on Christian hoodoo yet!!!! A must for those of us who feel a strong connection to God but have a little bit of mystic about us.
