Customer Reviews

Beautifully written, fun and easy to follow and perform rituals...love the symbolism which itself is faithful to the primary sources regarding Norse mythology and specifically Thor. Who wouldn't want Thors strength endurance and will , and possess the talismans he has empowered? There are rituals to initialize the hammer (which can be a stick) Mjolnir and a belt, Meninjord. The rituals grow to further empower the READER and the belt and or stick-hammer with Thors power and grows to rituals that bestow muscular and mental strength-endurance, bone density, cardiovascular health and even immunology. The reader has options to access majickal powers to find love, be more attractive or attract the right one for a fling. The more financially oriented (Vikings love wealth) readers can gain majickal powers for great riches, victory over rivals and enemies and good luck protection. The book is yet another example of the genius and accessibility of S Robs magical paradigms, wherein he permits the reader to access divinities and power of many cultures (in this

case Norse religion) and to use its energy and power to improve ones life and world. I have loved the sumerian books on Enki and Inanna as well as the Egyptian majick books as well. The hell devil lucifer demon books are very unnerving...less comfy than the aforesaid mythologically based books. Perhaps that "edge" will provide me the reader with the greatest empowerment. In any event, I highly recommend the hammer and belt books that comprise half of the thor four book series! Try the belt book and see how much more capable you feel wearing Thors-yours majickal belt!

At last! A serious book teaching and easy yet feasible and effective way to access the extremely powerful Beings from Teutonic Magickal realms (Gods from Nordics, Germans, Vikings, etc) in a new and straight method. It works, and works flawlessly! I'm in love with this System!
