Are you kidding me! I rented this book for a whole semester and after two months I am now being told the expiration date on my rental is up and I will have to rent it again. If this is true, then has lost my business. I am very upset at the underhanded dealing. Be careful renting this. I would never have spent this amount of money on a rental that expired before my semester was up when I could have bought the book for just a little bit more.

Purchased the Kindle version thought that i will have access through the semester at least Lost my subscription and access in the middle of the class access lasted only 2 months had to extend for additional two months and end up paying more than for a new book.MY advice LOOK for expiration date before purchase.

I'm renting the text. It's in pretty good shape. Definitely better than i expected.

Solid resource for college.

Awesome!

 A_+

Ok condition

The book is usable for it's content but has water damage to the front and back. Definitely has been used and has one semester left in it.
