INKLINGS Colouring Book By Tanya Bond: Coloring Book For Adults & Children, Featuring 24 Single Sided Fantasy Art Illustrations By Tanya Bond. In This ... & Other Charming Creatures. (Volume 1)

Synopsis

INKLINGS coloring book for adults, teens and children. - It features 24 one sided fantasy art illustrations by artist Tanya Bond . Being single sided helps to make sure that the medium doesn't bleed onto the next design through the page. However I still recommend using a sheet of card under the page when you are colouring. - Please note that createspace paper is medium to thin. If paper thickness is important to you please seek for artist edition of this book on etsy (which is more expensive). - In this book you will find fairies, pixies & mermaids with their adorable companions - dragons, owls, cats, bunnies, birds, animals & other charming creatures. - I recommend using prismacolor colored pencils, polychromos coloured pencils, Marco Raffine, Inktense. Use promarkers/copics/sharpies and other markers just for small touch ups as well as gel pens (use sheet of card under the page you are colouring) Join "INKLINGS colouring club" group on facebook to show your coloured inklings and see what others are doing:) Enjoy your INKLINGS colouring adventure!

I really enjoy coloring fairies and other fantasy females, especially those with big, gorgeous eyes. Artist Tanya Bond has created a coloring book with 24 designs which fit the bill. The young women are generally accompanied by an animal of some sort (including cats, owls, frogs, snails, and many more.) Each of the designs have a title which describes the young woman and sets the stage for coloring. This is an overview of what I found in the book as well as my experiences with coloring in

it:24 Hand-drawn Fantasy DesignsPrinted on one side of thin, white non-perforated paper typical of CreateSpace publicationsDesigns do not merge into the binding areaGlue BindingPlenty of room to cut pages out if you choose to do soConsistent and dark printingAlcohol and water based markers bleed through the pageGel pens and India ink pens leave shadows on the back of the pageColoring pencils work well, good color and blending but hard lead pencils leave dents on the back of the pageI'm having a lot of fun coloring these designs Ã¢Â“ choosing which colors I like best to give the right mood to the subject. I finished my first two pictures and am busy working on the next one.

I love Tanya's Inklings artwork and was so glad she decided to publish through with one sided pages. 24 beautiful pictures of the Inkling girls with various animals. Love the variety! I believe the reviewer that states the pictures are on each side is speaking of her original version of this book (which I also have), not the one here on . I've enclosed a pic of the 1st girl in the book that I've colored. Tons of fun! I'm already waiting on her upcoming new coloring book (Inklings 2)! Updated to add 3rd pic I colored.

Great coloring book!! The pictures are magical! I enjoy bringing them to life with my colored pencils. This book, is like nearly every other book you buy from , in respect to the paper. The drawings are printed on one side, so...if you really wanted to use markers, or paint pencils, you could...just remember to protect the page underneath by sliding some extra paper between...or, I suppose you could remove the page you're working on, altogether. I love this book, so much, that I immediately became a Kickstarter supporter of book 2!

Came fast which was nice. This is one of my favorite coloring books by far. The girls are so gorgeous, and very fun to color!

This coloring book is very well made! Tanya Bond's artwork is outstanding! I could sit and look for hours at each of the Inklings girls, with their beautiful big eyes and adorable animal friends. I totally love this book! I can't wait to get started coloring!

Tanya bond is an awesome artist from Ireland I have so much respect for her. She can produce, some of her projects within, one day start to finish. She has a beautiful talent, check out her Facebook page, you'll see she's always so busy. I'm so glad she has decided to sell on . a book for myself and one for my niece.

I love this artist's work! The women and critters in these images are creative and whimsical and so fun to color! I have attached two images that I've already completed. On the "Hummingbird Whisper" I used Faber-Castell PITT pens (birds, girl) and Tombow dual brush markers (background). On "La Princesse Grenouille" I used Prismacolor alcohol-based markers and gel pens for embellishments. All mediums bled through to a degree, so be sure to use a thick card between pages when coloring. I personally prefer to use an Exacto knife to take the pages out first (perforated pages would be nice). The only REAL con I would say is the paper quality, which is quite thin, but this is mitigated by the fact the paper is one-sided, so I was still able to use markers. OVERALL SCORE - 4.6 DISCLAIMER: I am your average PAYING consumer. I have no personal connection to this product. I take the time to write product reviews, because I rely heavily on them myself when making purchases. This is my 100% honest opinion. I would recommend this book to anyone who enjoys coloring animals, humans, and whimsical or fantasy scenes.
