# Little Mommy (Little Golden Book)

## Synopsis

This delightful story about an adorable little girl caring for her dolls is perfect for any day of the year! We spend the day in her charming company as she cares for her dolls, treats their ills, gives them a tea party, feeds them dinner, and puts them to bed. Beautifully illustrated, this book has a timeless feel.

Grade Level: Preschool - 2

## Customer Reviews

Sharon Kane illustrated several Golden Books in the 1960s. She lives in Plano, Texas.

Wow, I had this when I was a kid and you don't want to know how long ago that was. All the acts of maternal care are beautifully depicted and capture the spirit intended. I only wish Golden Books were as well bound as they used to be. The pages are not cut square with the cover...they stick out beyond it and sometimes the covers bow and warp but maybe that is a storage/moisture issue. So far this copy still lays flat.

After our 2nd was born I ordered this for her 20month old big sister, never having read it myself. Word wise I thought it would be way over her head and she'd loose interest. I was pleasantly surprised to discover that she loves it -- and is always asking for "lil-mommy" now. There is a lot of

"words" for a toddler so young, but what little girl doesn't like a book about babies? Pro: Really encourages "house" play with baby dolls. After buying this she really tried to pretend she was doing the same things as the little girl in the book. Con: There really isn't one - unless it's considered too "old fashioned". But perfect for my family!

2 1/2 year old granddaughter wants this read to her over & over. I've noticed since she's had this book, she's taken much more time playing "mommy" with her babies, which she's found she loves. Definitely got her imagination going.

I'm So happy to have found this book. I had this same book when i was a little girl back in the 70s. So happy to have the same one for my little girls!! Best book EVER for little girls.

This was my favorite, favorite, favorite book when I was a little girl! (I had it completely memorized.) My little brother destroyed mine when I was little and my mother looked everywhere to buy me a new one for several years. I forgave the little brother, but oh how I missed my favorite book! Before they republished it many years later, my hubby got an original copy for me off of eBay for Mother's Day one year, and it's one of my best Mother's Day gifts ever. I'm so happy that it's back in print. My daughters have now memorized it as well, as it quickly became their favorite book once we read it to them. They each have their own copy, and I plan to make sure that any future granddaughters have their own copies as well. Best book for little girls EVER!!

I purchased this for my little niece who I gave a real life like baby girl doll to and she loves the book and the doll. Her mother also loved the book as well.

My granddaughter got a Bitty Baby for Christmas so this book worked well with the gift. She loves reading it. The pictures are beautiful. Timeless.

A sweet classic Little Golden Book! The book arrived in great shape! No sign of use or that the book has been opened. I am very pleased!
