The Chase: Trusting God With Your Happily Ever After

Synopsis

Kyle and Kelsey Kupecky couldn't have dreamed a better love story for themselves had it been scripted by a bestselling novelist like Kelsey's mom, Karen Kingsbury. In fact, if you asked them, Kyle and Kelsey would name God as the author of their story. And they're glad they trusted him to write it for them. Unfortunately, too many girls hoping for their own happily-ever-after have taken matters into their own hands, chasing after boys when they should be chasing after God. And that inevitably leads to heartache, low self-esteem, and poor choices as girls give in to pressure from media and peers to look and act a certain way to attract guys. Kyle and Kelsey want girls to know that it's never too late to trust God with their love lives, that wherever they are, there's always hope for the future. Through their own story and the stories of others who long for love, they show girls how to put God first, how to value and protect their purity, how to deal with loneliness and bullying, and how to see themselves as God does--a one-in-a-million girl who deserves no less than God's best.

Fairly written for Christians, and may feel like if you don't become a Christian, your life wouldn't pan out good or if you don't follow the doctrines of Christianity you won't have a loving and fulfilling life and or relationship. Would be nice to have a perspective for those who aren't Christians as some of the content may be unbearable if you don't fully understand the ins and outs of the religion, but I'm sure there are other books out there that cater to the less religious folk. With that aside, I give this

read a solid 8, the only downfall as I said before was the in-comprehensiveness for those not deeply involved in the religion to practice and apply why is being expressed.-Regardless, the points engrained are phenomenal. Discussing the loneliness and temptation we all face, including the trend of having a significant other, this read has critical points for both guys and girls. We seem to always look for our worth in a significant other, and most times we settle. The authors battle the importance of not giving in, of fighting temptation because often when we take the reigns of our life for temporary fulfillment, we bring heartache. There are various testimonies within the pages to support this claim, which I'm sure many other individuals can vouch that choosing someone out of loneliness sometimes brings more harm than good.-The fundamental point is that if you chase God, find yourself within him rather than in others, and apply his core values for a relationship, than even though it may be difficult; (through the testimony of both authors), you would find the relationship you've always dreamed of. If we follow the creator rather than the creation, we find a life worth living.-Continue to chase God. He'll show you the way.

I'm an older adult, yes this book is written more for younger teen girls and college girls. However, there are God's truth in here for ALL Christian women who aren't married, or dating or not dating. That truth is to Chase God first!! I will buy this book for each of my granddaughters when they reach the dating age. It's so good and there's so much they can learn from this book. Thank you Kyle and Kelsey for writing this and sharing this important message.

I bought this book for my 18 year old daughter who is dating. It gave her a lot to think about. It was a bit preachy in places, but the message is good. It did talk about celibacy with an extremely conservative view point. This is a bit hard to take if you or your child has already had sex and it did not approach it with the love I believe God would want us to. However, it a good book for young adults to read as they are trying to figure out relationships

It might be better for girls who haven't read other books about dating. As a 23 year old, I knew most of this information from either experience or other books. The authors write in a back and forth method, which is kind of unique. It is nice to get a male perspective.

I'm 21, single, in college and have briefly dated guys-- sometimes going farther than I'm proud of. This book has spoken so much to my heart and spirit. While reading this, I've felt encouraged by the different stories, scriptures and advice. Their story is genuinely written and their heart for everyone

to have a God-written story is uplifting. This is a great read, I honestly kept wanting to read more and more. If there are more books along these lines, I would love to hear about them!

This book opened my eyes in so many ways, I have always been a Christian and this has not only brought me happiness and relief but it has brought me hope and encouragement to keep on striving to have a closer relationship with the lord. I will find myself coming to rereading this book often, I definitely recommend this book! Ps. I just went through a heartbreak and this book has made things tremendously better getting through it.

I couldn't have asked for a better book for young ladies! Kyle and Kelsey Kupecky share real life (their lives) stories with readers to encourage them to CHASE after God first and not man. This book is truthfully and beautifully written in a way that's easy to understand and relate to. I am encouraged and motivated after reading this book to not be focused on my future spouse but instead on God. He already has a plan for my life and I (and all of us young ladies) need to trust him with whatever he has in store for us for our futures. I highly recommend this book to all young ladies out there. Single, dating, attached, married; I believe this book will touch you all in different ways. If I could give this book more than 5/5, I would but alas! :)

My daughter absolutely loved this book and recommended it to all her friends. It is a great relationship book, but also a great devotional. As a fan of Karen Kingsbury, I'm glad to see the writing carrying over to another generation. This book will bless you.
