Great book for people who are going to start their business.

Was expecting it to be more tailored for massage/spa business... Its more of business 101

We have used Business Mastery in the classroom at Bodyworks Massage Institute beginning with our first program in the year 2000. The text is easy to read and understand, and gives our students enough information to understand the concepts of running a business, as well as how to stay inspired in your career. Whether you are a sole proprietor, an LLC or a corporation in any business, I highly recommend this book.
