Dental Terminology

Synopsis

DENTAL TERMINOLOGY, Third edition takes a word-building approach to help dental assistants understand and remember dental terminology better than ever before. DENTAL TERMINOLOGY is not a strict dictionary of dental terms, but rather a word bank with pronunciation guides and definitions applied to practice areas, it's the resource that dental professionals can use for years to come. The chapters are organized by specialty area, so readers can always find the information quickly. Whether utilized in the classroom or on the job, DENTAL TERMINOLOGY, Third edition is a valuable reference that comes in handy again and again.

Business Management Procedures. --This text refers to an alternate Paperback edition.

received an MS from the University of Dayton. She has taken postgraduate studies at Ohio State,

West Virginia University, Kent State, and Ohio University. She was employed as a dental assistant/hygienist in oral surgery, orthodontics, and general practices before she became a dental assisting instructor and Diversified Cooperative Health Occupations coordinator at Belmont Career Center in St. Clairsville, Ohio. Along with teaching duties she chartered the National Honor Society participation of the vocational school and was advisor for the VICA opening and closing ceremony team to National competition representing the state of Ohio. Mrs. Dofka has retired from active teaching but maintains life membership in the Iota Lambda Sigma, professional vocational teaching fraternity, DANB dental assisting certification, and maintains retired status as dental hygienist in West Virginia. She is currently serving in consultation practice and advisory board capacity as well as volunteer activities.

Dental Terminology covers every aspect of contemporary everyday practice. One of the most valuable books I have ever had!

Excellent book! It is a must buy for DA students or even entry level DAs.

Awesome

AMAZING BOOK! Easily and correctly explains everything to you. I mean EVERYTHING. This is a must purchase if your in ANY type of dental school or class. I don't know how I'd pass anything with out this book. 1000% worth the money.

I have found that with my dental Assisting students, many of them do not "get" pronunciation. Granted, there are many medical/dental terms which defy regular rules, but some are a given. This book, especially, with the CD was a real help to those students as they were starting out. Great for self-study. N. Kehr National School of Dental Assisting-Stockton[...]

Purchased this for my online Dental assisting course. Much easier purchase books here than to purchase them at ridiculous priced for college.

great and fast thank you!

The book is in good condition. Some writing in pencil which I didn't mind! It served it's purpose, I

passed the class.
