Mountain Biking Arizona Trail Guide: Fat Tire Tales & Trails

Synopsis

The most well know and well loved mountain bike trail guide to the best summer and winter fat tire fun in Arizona. Cartoony, down to earth maps are adapted from U.S.G.S. topos and U.S. Forest Service charts, yet are friendly and easy to use. Maps are to scale and oriented north. Each humorous route description includes distance, time, effort and skill required, best season to ride, skill level required contour profile and "fear factor". There is a turn by turn mileage log when applicable. A "preferred trail" icon is used to indicate a particularly great ride in a given area for those on a limited time schedule. Rides are included for all levels of ability, but emphasis is given to the intermediate/advanced rider. A few severe/extreme rides are included for those on the lunatic fringe. Each ride has been personally selected and ridden by the author over the past 23 editions and updated annually. You are guaranteed a favorite ride each time with no "filler". Many of the trails can be found nowhere else as they are based on personal exploration by the author. All rides are current and legal. Areas included are Grand Canyon, Flagstaff, Sedona, Phoenix, Tucson, Payson, Prescott and beyond. Also features a hilarious illustrated glossary of mountain biking's arcane jargon.

Book Information

Paperback: 144 pages

Publisher: Cosmic Ray Publications; 25th edition (February 15, 2016)

Language: English

ISBN-10: 0966476999

ISBN-13: 978-0966476996

Customer Reviews

Before you ride Flagstaff, Sedona or anywhere else in Arizona, you need to buy this guide. -- Mountain Bike magazine Cosmic Ray has succeeded at the toughest bike trick of all: a cycling resource book you'll love reading even if your butt prefers a La-Z-Boy in your living room over a stretch of slickrock in Arizona. -- Bikesite If you are lucky enough to run into Cosmic Ray, ask him to

take you for a ride. You'll remember it for the rest of your life! -- Mountain Bike World magazine, UK
Legendary! -- Outside Magazine The best all time Arizona mountain bike guide.--Mountain Bike
Action magazine --VariousThe best book available on the subject. Ray is legend among the local
mountain biking fraternity. A keen knowledge of off-road Arizona. -- The Sunday Times of London
--Sunday Times of LondonThis zany little guide delivers the nitty-gritty on Arizona's best Mountain
Biking. With Cosmic Ray at the wheel, just reading it is like going for a ride. --Arizona Republic
Outdoor Adventure --Arizona Republic

Cosmic Ray had been riding mountain bikes and exploring mountain bike trails in Arizona since
before they were called "mountain bikes", helping pioneer the Arizona mountain bike movement in
the late 1970s and early 1980s to the present. In the beginning, Ray and friends were building bikes
out of spare parts and junk. The first edition of Fat Tire Tales & Trails appeared in 1988 just as
mountain biking exploded on the scene.

This is a great reference if you are not high on the electronic side of trail guides. I still like having a
book in hand, but have to say that print is dated. REI MTB Project app is a great alternative, but the
book is great. Make your own choice on what suits you.

Nice gift for friends who moved to Arizona. They've been using the guide and find it helpful.

Good descriptions and well written.

Great book. Nice detailed ride descriptions. Good directions for finding the trail. Nice rating system.

Just what I needed

Great book for AZ mountain bikers, runners and hikers that's updated yearly.

Very helpful

a good guide for MTB Trails around the best places of Arizona.
