Customer Reviews

I keep buying this coloring book for gifts because it is my favorite one to color in myself, the price is unbelievable for the superior quality of the designs and the paper, and the dramatic results using simple pencils on a black background. The challenges range from fairly elementary to intricate and

detailed, so one can follow one's own progress and improvement in moving from easy to more elaborate figures. I have more than twenty-five coloring books, but I always have at least one drawing from this treasure going on at any given time. And I'll buy it again for my own use when I've done all the pictures. Do yourself a favor and buy this book for yourself and for inexpensive gifts that look much more pricey than they are.

Love this book, I have had it a while but just started coloring in it. The animals are fun to color. Wild Crazy designs everywhere in this book.

Great selections of animals, haven't colored anything in it yet. It's my first black paper book so not much on that either. Glue binding, 8x10 and so far I'd recommend it.

Good quality. Enjoy coloring the pictures.

Excellent!! We love them all, but this is my favorite!

Beautiful drawings on a black background.

This was given as a Christmas present and the recipient absolutely loved it. I think it has become an obsession of hers now. This is why I gave it 5 stars.

This is the best coloring book ever! Purchased 3 for my sisters and they all love them! Will recommend!!!
