# The Alien's Return (Uoria Mates IV Book 1)

## Synopsis

The Bestselling Sci-Fi Romance Series RETURNS...Scattered across two planets, the Denynso and their allies are driven to pull back together as the beginning of the war rages around them. As the group on Earth tries to escape the laboratory, Eden faces demons from her past and vows to break herself free from Ryan's torment once and for all. What they discover, though, could leave them at his mercy with nowhere to turn. On Penthos, the reality of the planet around them looms and Maxim is overcome by thoughts of his father and the child soon to be born. They know they can't wait for the others much longer. Damage has already been done and when the hybrids call out Kyven and Maxim, they won't be able to deny them. Read for FREE on Kindle Unlimited!

## Customer Reviews

OMG! I absolutely love the Uoria series and this first book of season 4 did not disappoint. Filled with edge of your seat suspense and heart pumping passion, this book will take you on one hell of a journey. Ms. Scott has once again proved that she is a master storyteller! I highly recommend this book.

The one group on Pentos is still on the shuttle and the hybrids are getting near. The other group on Earth are fighting other hybrids and trying to find a way to escape the university. Could there possibly be good hybrids mixed in among the evil ones? Can't wait to read the next book and find out. Thank you Ruth for such a great, exciting, sexy, suspenseful and mysterious romp through your Uoria Mates books. Just loving all these characters.

This book was amazing! A little confusing and a whole lot exciting. 3 different groups in 3 different places. My brain is on overload. Many questions have been answered only to lead to more questions. I am sooooo looking for more. Absolutely love everything about this series.

I enjoyed reading this book, has a good storyline. Can't wait to read more from this author.

another uoria mates book, best read in order. great series makes you want more every time you flip the page.

The war continues on Earth as well as on Penthos. Brave heroes and their mates fight fearsome hybrids, and lost war heroes return.

This book could be a little hard to follow at first. If you really do need to have read the series (this is part of the 4th) in proper order to keep the players and their names in mind. But if you've done that, you will enjoy this one. Amidst a battle, a number of people are trying to escape an Earth lab where a madman has been experimenting to create hybrids. Another group is trying to help get the escapees out of there, but the enemy is closing in fast! So there is plenty of action going on! Once the reader identifies the characters from the earlier series, it is not difficult to follow the story line. The suspense is palpable as we feel the urgency to get out of there. Will everyone make it? Is there still a danger of recapture? Be aware that this ends on a cliffhanger -- after all, this is "Book 1" so that should be expected. There is so much more to come! Stick with it and you'll be glad that you did.

I love these books!! If you have not read any Uoria Mates books. Don't start with this one. Make sure you start at book 1. This author is very detailed and descriptive in everything I have read of hers. It makes these books an incredible read and really hot and steamy. What an adventure she

takes you on. The minute I finish the last sentence I am craving the next installment. I wouldn't miss a single book.
