Synopsis

The Thieves Guild is renowned for their ability to steal anything. Its elite members have robbed nobles of wealth, reputation, and even their honor. The Guildmaster rules them with brutality and fear, yet his name and past are a mystery. From the depths of the Evermist swamp, he seeks a master thief, one who can help him reclaim his lost power. Young and brash, Jack Myst has drawn the Guildmaster's attention. His feats mark his potential, but his audacity and cunning make him dangerous. After years of preparation, an invitation from the guild is exactly what he desires. When he gets it, his hunt begins, and there is nothing he cannot steal. Even the Guildmaster's secret.

Customer Reviews

I don't do too many reviews, but this book warranted one. This book was so much fun!!! It reminded me of my favorite part, the Thieves Guild in Skyrim. This being my first foray into the world of Luminea and am eagerly looking forward to visiting again. Do yourself a favor and pick this up!!!

I love Ben Hale's novels and series! The characters are believable, Jack being so very cheeky, and the storylines keep you engaged. I have enjoyed every book of Luminea and this new series to let us into the mind of Jack definitely lives up to its predecessors and raises the bar. Give this book a chance and I think you won't be disappointed! Also, if there are any literary agents out there- snap up Ben Hale! These books deserve to be in print!

Jack Myst was a favorite in the Chronicles of Luminea and was looking forward to reading the book. Jack didn't let me down, he's an exciting character which uses humor and charm to cover up his true feelings. This whole world that Ben has created makes it a very fun read, the main characters are very powerful for sure, but does in no way diminish the entertainment of reading his books.

This is the first step of the King of Thieves trilogy. A well written cohesive world. An enthralling story.

This story line embodies everything I love to read. Great plots, unforgettable and exciting characters and that hint of background familiarity from previous novels. I can't wait now to get my mind into book 2. Well done and thank you for sharing your stories.

Loved it. A gripping and unique story in my opinion. I'd recommend reading it. Buying the rest of the series.

Great read kept my imagination rolling through the whole book bought on a whim but will definitely get the next one

Startlingly good. Enough that I'll finish the series and start Warsworn next
