Sue Grafton DEF Gift Collection: "D" Is For Deadbeat, "E" Is For Evidence, "F" Is For Fugitive (A Kinsey Millhone Novel)

Synopsis

Here together for the first time on CD is the continuation of Kinsey Millhone's adventures. "D" Is for Deadbeat Alvin Limardo hires Kinsey Millhone to deliver \$25,000 to a fifteen-year-old kid. Seems pretty straightforward; or it would have been if Limardo wasn't a phony. Burned but determined, Kinsey finds Limardo dead. Finding the killer will be a tough assignment, but not as tough as making a stiff pay his debts. "E" Is for Evidence When Kinsey is framed for insurance fraud, she is expecting a complicated, tiring investigation. But she's not counting on the involvement of her long-departed ex-husband. And she's certainly not counting on murder. "F" Is for Fugitive Kinsey must prove the innocence of a man already found guilty of murder. Bailey Fowler, escaped convict of a crime he swears he didn't commit, is picked up on a fluke of mistaken identity and turns to Kinsey to keep him from being sent back to prison, by finding the real killer.

Sue Grafton spends part of the year in Kentucky and the rest in California. All of her Alphabet Mysteries are available from Random House Audio, read by Judy Kaye.

Love all of Sue Grafton's books; read them and listen to the tapes when traveling; speaker has great voice; content always interesting and detailed. Excellent stories; Will listen to "X" on our trip in two weeks.

I bought the collection to listen to while we were traveling, the part of the story I could hear sounded like it was a pretty good story BUT there seemed to be something wrong with the disc, couldn't get disc 5 to play at all, and part of the other disc would not play. I think there are 9 disc in all but I haven't gone any further then disc 5. I was rather disappointed with the set I received, it may have gotten damaged in shipment as the top of the disc box was open, it wasn't packaged very well.

Wish it came in MP3 unabridged

I love the Alphabet series!

Of course I love the series and bought it so my daughter would have more material to read in English. YOU sent me audio books!

A good "beach" book or lighter detective/mystery series. The reader for the audio books is really entertaining and captures the quirky Kinsey Millhone. Good descriptions of scenes and characters. Sometimes predictable, but always a fun-read.

This is my first experience with books on CD. I like listening to them in the car on my commute. But I have to say that I feel these 3 books on disk are some condensed version and not the complete book. I cannot say for sure because I have not actually read the printed version but the CD for each book only lasts about 3 hours.

This is a great listen for anyone who enjoys the Sue Grafton series. I have read all three of these books in hard copy, now I am listening to them in the car while I travel, they are great!
