Ingle's ENDODONTICS

Synopsis

The seventh edition of Ingle's ENDODONTICS is the most recent revision of the text that has been known as the Bible of Endodontics for half a century. This celebratory edition continues the tradition of including an international group of authors, contributing new cutting-edge knowledge and updates on topics that have formed the core of this book for years and also contributing new chapters that reflect the ways in which the field has evolved over the 50 years since its inception. It will continue to be the standard against which all other endodontic texts will be measured. The main divisions of the book in the new edition are The Science of Endodontics, The Practice of Endodontics, and Interdisciplinary Endodontics. New chapters in this edition include Periradicular disease, Dental innervations and pain of pulpal origin, Cone beam computed tomography, Magnetic resonance imaging, Preparation for endodontic treatment, & Endodontic therapy in teeth with anatomical variations, Achieving long-term success with endodontic therapy, Management of teeth with immature apices, Regenerative endodontics, Intentional replantation of endodontically treated teeth, Endodontic therapy in the elderly patient, and Endodontic therapy in the pediatric patient. In addition, many other chapters have been completely updated to reflect the most current concepts and techniques in endodontics. With contributions from the world's experts in all phases of the specialty, the 7th edition of Ingle's ENDODONTICS promises to be the indispensable endodontic textbook, an essential part of every endodontist's library.

Customer Reviews

John I. Ingle, DDS, is a pioneer in the field of endodontics and has served as an educator and mentor to generations of endodontists. Now retired, he has been an international lecturer, professor

and department chair of periodontics and endodontics at the University of Washington, Dean of the School of Dentistry at the University of Southern California, and he also served the Institute of Medicine of the National Institutes of Health in Bethesda, Maryland. He was president of Palm Springs Seminars, a leading institutions of dental continuing education. Dr. Ingle is also a past President of the American Association of Endodontists, and the AAE awarded him the Ralph F. Sommer Award and the Edgar D. Coolidge Award. In 2001 he was inducted into the USC School of Dentistry Hall of Fame. Ilan Rotstein, DDS, is Associate Dean of Continuing Education at the Herman Ostrow School of Dentistry at the University of Southern California, where he also serves as Chair of the Division of Endodontics, Orthodontics and General Practice Residency.

Epic book!
