Customer Reviews

Thought it would have better things I could use

So many great ideas for making natural things for my family and friends. Looking forward to making gifts for the holidays.

I have made several recipes and they were all great and popular!

Anything with "Aromatherapy" is what I am very Interested in. Thanks!

Informative, good ideas

GREAT

I am not much of a DIY person. I buy or recycle items and then tend not to finish a project. The ideas in this book are clever and should be easy to make. So please wish me well in tackling these projects for Christmas gifts. Thank you for the informative and easy to read book. The only thing I miss are pictures of the finished project.

When I find books that I might be interested in for free, I go ahead and grab them to look at later. I have gotten a lot of books that way, and this is one of them. I can update this review after I have had time to actually read through the book and make an informed opinion. So stay tuned.
